Core Values

Mark 9:2-13 NIV

1. What's one thing from this week's sermon that you hope we talk about as a group?

2. When was there a time that you shared something publicly that probably should have been shared privately? Why was that something you wouldn't do again?

b. Pastor Terry spoke of the importance of sharing open wounds with a few, but sharing your scars with many. Why is this so important for us to understand and do as a church family? How do both of these bring glory and honor to God?

Digging Deeper

3. In the reading of Mark 9:2-13, with such an incredible event as the transfiguration, why wouldn't Jesus want as many people as possible to witness it?

b.) Does John 4:48 or John 20:29 bring us any insight?

Application

4. Where will you share some open wounds with someone in these next few weeks? Are there any scars that you would like to share publicly with our church family soon?
