5. During last weekend's message, Pastor Terry pointed out several ways that we can be an active participant in our relationship with God: serving your church; sharing your faith; daily time in prayer and meditation; actively participate in home group.

a. What does it look like for you to have an active relationship with God?

b. Can you identify any hurdles you may have that are keeping you from an active relationship with God? If so, what are they?

7. How have you invited God into your life recently? Share with your group.
