Picture This?

Exodus 24:12 NIV; Psalm 14:1 NIV

1.) Last week, Pastor Terry spoke on S.O.A.P (Scripture, Observation, Application, and Prayer). How did that go this past week? Are there any observations or prayers that you would like to share with the group this week?

b.) Make some S.O.A.P. journal entries for Exodus 24:9-18 NIV and share.

2.) Pastor Terry spoke about how we need to slow down to take more notice of God in our lives and how we have the ability to notice Him in everyday observations. Take some time this week every day at the same time to slow down and take notice of God. (Take notice of birds and their song, the new green showing up on the trees, time alone in quiet if possible, journaling, take a walk by yourself and being intentional about receiving a word from God, or getting up before anyone else and sitting in silence.) What was your experience like? Do you have this routine already in place and what do you often find to be helpful about the experience? If your group meets early in the week, please come back to this question next week and have everyone share.

3. Pastor Terry said, "We tend to only look for God in certain places and only at certain times." What are some reasons that we do this? What are some consequences we might experience when doing that?

b.) Share in your own words of what you/we might find happening if we begin to look for God in all areas of our lives? What might we be able to do for others with this focus and mindset?
